

REMARKS

Reconsideration of this application, in view of the foregoing amendments and the following remarks, is respectfully requested.

Claim Rejections under 35 USC §112, Second Paragraph

Claims 1-22 have been rejected under 35 USC §112, Second Paragraph as being indefinite. Applicants respectfully traverse these rejections.

In rejecting claim 1, the Examiner has stated that "[t]here is no step cited in the claim 1 from step (a) to step (d) used to determine the final boundary position." Applicants respectfully point to the Examiner that claim 1 recites determining the final boundary position based on comparison of the register value with a threshold. This is not only definite but also very clear. Applicants believe claim 1 clearly recites each step and request the withdrawal of the rejection of claim 1 under 35 USC §112, Second Paragraph.

Applicant believes this application and the claims herein to be in a condition for allowance and respectfully requests that the Examiner allow this application to pass to the issue branch.

Should the Examiner have further inquiry concerning these matters, please contact the below named attorney for Applicant.

Respectfully submitted,
